What are the benefits:

- **Integrated Solution**: Combines property management, maintenance tracking, and full financial accounting in one cloud-based platform.
- **Affordable & Transparent**: Pricing: Offers competitive pricing with no hidden fees, free.
- **Robust Data Security:** Utilizes Canadian Tier 3 Data Centers, firewalls, and best-practice development standards. Clients retain full ownership of their data.
- **High Reliability:** Guarantees 99.9% uptime with updates scheduled during off-peak hours to minimize disruption.
- **Scalable & Configurable:** Supports organizations of all sizes and can be tailored to match specific workflows and operational needs.
- **Strong Community & Support:** Backed by a network of over 250 organizations, including 100+ co-ops in BC, with regular user group feedback and comprehensive training.
